Information for
Year 7 Students and their Parents

Some Questions and Answers

1   How do I "satisfactorily complete" a course?

You must attend lessons in that course for the required number of hours. If you do not bring the correct equipment (including safety equipment) to a lesson such as PD/H/PE, Science and Technology Mandatory, you will not be able to participate in practical activities.

- You must make a real effort in all class activities.
- You must make a serious attempt at all your assessment tasks.
- You must have achieved some or all of the course outcomes.
- You must attend class regularly.

2   What if a student is sick or misses a task through misadventure?

- Bring a note from parent explaining your absence.
- Speak to your teacher on the day you return to school.
- Your teacher will organise a new date your task will be due.

3   What penalty provisions exist for late or non-submission of tasks or unexplained absence when a task is set?

a)   <u>Late Submission</u>

A due date will be determined for each task. Any task submitted after the deadline will be penalised marks in the following manner: 1 day late = 25% penalty, 2 days = 50% penalty, 3 days late = zero mark. Students should hand in uncompleted tasks on the due date rather than be late. Teachers will provide feedback on the quality of the task.

b)   <u>Cheating</u>

If there is clear evidence of cheating in any set assessable work, the students involved will be awarded **ZERO MARKS** for that submission.

c)   <u>Non-serious Attempt</u>

Any student who presents work for assessment which, in the opinion of the teacher and the head teacher, constitutes a non-serious attempt at the exercise set, shall be awarded **ZERO MARKS.**

d)   Plagiarism

Any student who plagiarises will receive **ZERO MARKS.**
This includes:

- Downloading information from the internet and presenting this as your own work.
- Taking information from a published text and presenting it as your own work.
- Copying another student's work.

4   *What about school reports: are they still important?*

Yes. If you are looking for a job in the next few years, your school reports and the comments on them will be absolutely critical! You will need to make sure that your marks, grades, comments, and attendance show that you are a good worker.

If you are intending to go on to do your Preliminary and HSC courses, good reports will show you, your teachers and your parents that you are a serious candidate for senior school.

5   *Who do I see for more information?*

Ms Zielinski (Deputy Principal), Miss Tilse (Year 7 Student Adviser) or Head Teacher of the specific subject will answer any questions you may have.
